NIKI'S MUSIC SHOP

by Tom Blankenberg

SYNOPSIS

"Niki's Music Shop" - for many years musician Tom Blankenberg has been passing by the shop regularly, and he is fascinated by the fact that absolutely nothing ever changes here.
The collection of old instruments in the shop window has remained untouched and silent for decades.
And above all, the shop is always closed.
When Blankenberg sets out to find out what's behind it, the shop is suddenly open... maybe the music is coming back.
