

AFTER HAPPY END

by Katharina Köster

SYNOPSIS

When it's easier to fight than just to live. Tobi has a heart transplant.

On the journey to the clinic, thoughts come to him: "what will I do if I survive this? What comes next?" At that moment he is afraid of all the future possibilities. The heart transplant is a success. Tobias is saved. Katharina Köster accompanies Tobias over a period of 10 years, during which he faces difficult battles with himself and the world around him.
