

AWAY FROM ALL SUNS

by Isa Willinger

SYNOPSIS

Fantastic buildings of the Russian constructivist era, and three Moscow citizens who use these buildings to pursue their big dreams. Vsevolod renovates an architectural heritage building, Elena demonstrates to keep her apartment block alive and Donatas strives to be an avantgarde-artist. The buildings they live in or live for are more than a backdrop. They are the trigger for these fights. A film about how to deal with historic and personal utopia.
