

BAUHAUS SPIRIT

by Niels-Christian Bolbrinker, Thomas Tielsch

SYNOPSIS

The film describes the fascinating story of the Bauhaus as statement, failure and renewal of a social utopia. And it tells of artists, scientists and architects today, who, in their examinations of current challenges also relate to the Bauhaus. That way, the story of this unfinished utopian project with its manifold exciting cross-references unfolds before our eyes while always keeping in touch with the questions still topical today: How do we want to live, where do we want to go?
