

BELLA CIAO – AN ODYSSEY

by Daniel Burkholz

SYNOPSIS

"That's how my 12 year odyssey began..."- In 1933, when Hitler and the Nazi Party took over, the German Jew Kurt Julius Goldstein and many other men and women had to leave the country to survive. In the following years, many antifascists from all over Europe shared this fate. Together, they took part in the fight against the Nazi-Wehrmacht. They had not much hope to succeed in defeating the Nazis, until in May 1945 all of Europe was liberated from Fascism – none of these men and women would have expected that 75 years later, Fascism is on the rise again...
