

BORN TO BE WILD – THE HISTORY OF STEPPENWOLF

by Oliver Schwehm

SYNOPSIS

'Born to Be Wild' made the band Steppenwolf famous overnight and around the world. The song, synonymous with the cult film EASY RIDER, became the anthem of a generation. What's less well-known is that singer John Kay and bassist Nick St. Nicholas come from Germany. This documentary traces their journey from their war-ravaged homeland to the streets of Toronto to the pinnacle of the music world. [41 FILMFEST MÜNCHEN]
