

BUTTERFLIES IN MIND

by Sobo Swobodnik

SYNOPSIS

Lotte Ingrisch, born in 1930 in Austria, was the first hippie, the first Green, a prophet of the Age of Aquarius, of cyberspace culture and - without being a feminist herself - a champion of the total change of roles for women. The film tries to get closer to this idiosyncratic and unique personality, both cinematically and aurally.

with Lotte Ingrisch, Johanna Klug, Kathrin Angerer, Lars Rudolph, Ingrid Altermann, Christine Weber, Magdaléna Jánosová, Prof. Dr. Manfred Schmid and Unit
