

CAPITAL B – WHO OWNS BERLIN?

by Florian Opitz

SYNOPSIS

The 5 part high-end documentary series CAPITAL B. WHO OWNS BERLIN? tells in an exciting and entertaining way how Berlin became what it is after the fall of the Berlin Wall. It has been a hip global metropolis for three decades, attracting artists, freedom lovers and young people from all over the world. But the way there was by no means preordained.

And Capital B tells the story of how Berlin's citizens have been fighting back ever since: against the sellout of their city, its displacement and against Berlin suffering the same fate as London, New York and Paris before it. To become a boring biotope for rich people and investors.

In the 5 episodes we experience greed, corruption, the emergence of various youth and subcultures in the 90s and noughties, housing struggle, crime, and the rise and fall of greedy politicians.

Capital B tells this story in a special way: multi-perspectival from the point of view of those who have shaped the city: Politicians, artists, entrepreneurs,...
