

CHAMPAGNE FOR THE EYES – POISON FOR THE REST

by Klaus Lemke

SYNOPSIS

The atmosphere of 1970s Munich is seen through the eyes of a film director who helped define the style of that era.

Using excerpts from his films, including *LIEBE, SO SCHÖN WIE LIEBE* (1971), *SYLVIE* (1973), *IDOLE* (1976), and *AMORE* (1978), director Klaus Lemke recalls a decade whose spirit of optimism, structural change, and emancipation defined Munich half a century ago. "Back then, we all thought life would be eating out of our hands," he says, "but then in the '80s we ourselves became fodder."
