

# CHRISTMAS WINTER WONDERLAND

by Klaus Scheurich

## SYNOPSIS

Winter casts a very special, magical spell. It's a time for traditions and customs: snowmen come to life, Santas wander through brightly-lit Christmas markets, much to the delight of the children. But indigenous animal life pays no heed to this human idyll. For them, winter is a time of austerity. Squirrels, boars and lynx all have their own strategy for surviving the winter. But despite an amazing ability to adapt, the fight for survival is hard. The film takes us on a journey through a wintry landscape- underscored by a childlike enthusiasm for the cold season. Snow-covered fairy-tale landscapes, unusual wildlife stories and touching tales about animals create a special heart-warming winter atmosphere that not even adults can escape.

## CAST AND CREW

DIRECTOR Klaus Scheurich · PRODUCER Annette Scheurich
