

DEMOCRACY

by David Bernet

SYNOPSIS

Democracy offers an insight into a hidden world of political struggle for new data protection legislation in the European Union. Euro-MP Jan Philipp Albrecht and EU-Commissioner Viviane Reding attempt the supposedly impossible. They take on a hard-edged apparatus of political power, in which intrigue, success and failure are frequent bedfellows. After two and a half years following the legislative process, the documentary brings complex power structures to life and offers a snapshot of democracy today.
