

# ELLE

by Luise Donschen

## SYNOPSIS

In the glaring light of a spring day, a father and his child roam the Botanical Garden. After losing sight of each other, they each have their own encounters. Finally, both leave the garden together and stop at the river. A flute sounds from a flowering bush – someone is practicing the instrument in secret.

With: Kaori Asao, Nike Donschen, Felix-Sören Meyer

Supported by Goethe Institut Villa Kamogawa
