

# EYE TO EYE – ALL ABOUT GERMAN FILM

by Michael Althen, Hans Helmut Prinzler

## SYNOPSIS

A film about the love for cinema, a voyage of discovery through one hundred years of German film, which shows us that all which seems so far away, is, in reality, so close. EYE TO EYE shows the great moments of German cinema history. Unforgettable images are passing before our eyes and make us feel like watching the classics again. Acclaimed German filmmakers such as Caroline Link, Doris Doerrie, Michael Ballhaus, Tom Tykwer, Wim Wenders, Dominik Graf, Christian Petzold, Andreas Dresen, Wolfgang Kohlhaase and Hanns Zischler, use film extracts to illustrate us the films that have been particularly important to them; they investigate the essence of German film. Layer by layer, the film uncovers what so often has obscured our view of German film history. EYE TO EYE is an homage to what we love about German cinema. With: Caroline Link, Doris Doerrie, Michael Ballhaus, Tom Tykwer, Wim Wenders, Dominik Graf, Christian Petzold, Andreas Dresen, Wolfgang Kohlhaase, Hanns Zischler World...
