

FUN FOREVER

by Denis Pavlovic

SYNOPSIS

Amusement parks are probably the most popular retreats for Germans. Here they switch off everyday life and forget most things by simply having a good time. Away from the normal visitors there is a world full of people who have dedicated their entire lives to these parks. New videos within these parks are uploaded daily on YouTube, park fans convert their apartment shelves into mini museums and roller coaster fan clubs often meet to admire their beloved modern monoliths.

Fun Forever is a deep insight into the lives of fans, fanatics and the everyday madness of the amusement park world.
