

GIRLS AND BOYS FOR FUTURE

by Antonia Lerch

SYNOPSIS

Mia and Sylvia, Helene and Jakob, Eva and Johannes, Mona and Lou, Ines and Vincent. And Sarah singing a rap song. "Fridays for future" is a movement fighting against global climate change. Activity instead of resignation. But what shall we do and how should we act? "Girls and boys for future" shows ten protagonists reporting on their activities in local groups, demonstrations and in plenum. Five conversations about the fatal triangle of humans, nature and climate. 42 degrees body heat means the death of the body.
