

HOW I SURVIVED THE PYONGYANG FILM FESTIVAL 3D

by Martin Hans Schmitt

SYNOPSIS

The animated stereoscopic documentary "How I Survived the Pyongyang Film Festival 3D" describes the personal experiences of the documentary filmmaker Martin Hans Schmitt, who took part in the Pyongyang International Film Festival in 2018. It is a travel film, during the course of which it gradually reveals how the dictatorship of Kim Jong-Un shapes the lives and thoughts of North Koreans right down to the smallest private niche, and also gradually influences the filmmaker too, increasingly creating the impression that we are observing a real-life satire.
