

JOHN BERGER OR THE ART OF LOOKING

by Cordelia Dvorak

SYNOPSIS

Art, politics and motorcycles: on the occasion of his 90th birthday, JOHN BERGER OR THE ART OF LOOKING is an intimate portrait of the writer and art-critic whose groundbreaking insights on seeing have shaped us for already five decades. His four-part BBC series WAYS OF SEEING opened a whole generation's eyes.

Working on an astonishing range of topics and art-forms, he never lost his belief and lifelong interest in dialogues which over decades created the most unusual artistic collaborations.

Realized as a portrait in works and collaborations, this creative documentary takes a different approach to biography, where John Berger leads us in his favorite role as the story teller through his ways of seeing of today.
