

# KALANAG – HITLER'S MAGICIAN

by Oliver Schwehm

## SYNOPSIS

Helmut Schreiber alias Kalanag is one of the most controversial entertainers. As the "court magician of the Nazis", he enchanted parties for Goebbels and entertained the masses at NSDAP events. At the same time, he was responsible for propaganda films. After the war, he turned his hobby into a profession and started an international career as the world's greatest post-war magician neglecting his past. Helmut Schreiber's unbelievable career is a perfect example of unlimited merciless complicity and the suppression of the Nazi past after 1945.
