

KREATOR – HATE & HOPE

by Cordula Kablitz-Post

SYNOPSIS

To their fans worldwide, they are gods, but their music seems possessed by the devil – more aggressive, faster, and more uncompromising than others. The German band Kreator has long since reached the pinnacle of the thrash metal scene. The film *Kreator – Hate & Hope* tells the forty-year history of the celebrated metal band for the first time, from their founding as a school band in 1982 in the Ruhr area to the grand international stages of their current world tour. Then as now, they stand against the hatred and the abysses of our society. Shriill tones, virtuosic guitar riffs, and energetic drumbeats process the turmoil in our civilization with tremendous willpower and creativity. Between Hannah Arendt quotes and headless corpses, emerges a well-crafted poetry of chaos full of symbols of horror – a musical Molotov cocktail against evil with a cathartic effect.
