

# LA ESPERA

by Danilo Do Carmo, Jakob Krese Weidner

## SYNOPSIS

A remote piece of no man's land. A dusty, barren area in between the railway line and the highway. A few campfires flaring. Groups of people gathering here and there. Slowly the situation is becoming clear. They are part of the caravan heading towards the US border. Silent images and fragments of touching conversations calmly direct the viewer's attention to the microcosm of individual destinies within the context of world affairs. What seems so abstract and far away, suddenly becomes close and alive.
