

# MSHT-15. ANGEL OF HAPPINESS

by Vakhtang Kuntsev-Gabashvili

## SYNOPSIS

David, who had to give up his profession of a director with the collapse of the Soviet Union, became a successful farmer; however, he still has a passion for art and is trying to return to the world of cinematography. Strange characters of David's strange theatrical play "MSHT-15" are not just figments of his imagination, they actually live around him. We will meet them in the film and find out their real problems and hopes... So, the film portrays one more issue: Where is the line between fantasy and reality? Between an author and his characters?
