

# MY CLASS - FROM RUSSIA WITH RELATIVITY

by Ekaterina Eremenko

## SYNOPSIS

My Class - is a film about the brain drain, about tradition and globalisation, about materialism and idealism and not least about national identity. In 1982, 26 young specially gifted pupils are accepted at the school for Natural Sciences in the Soviet Union. Graduating from this school guarantees a most promising future. But then Perestroika happens, the old order collapses. Today, those pupils are spread all over the world and hardly any of them are still employed within scientific research. With her film, the director Ekaterina Eremenko undertakes a very personal journey into her past in order to meet her former classmates once again and to find out, what has become of them. Russian with German and English subtitles
