

# NULLO

by Jan Soldat

## SYNOPSIS

The subject of the documentary, an affable gay Austrian fellow named Norbert, sits or stands naked in various poses in his small apartment.

Norbert has no penis. Norbert recounts his story matter-of-factly, relating how he was alienated from his penis from a young age, and of his decision to take matters into his own hands and remove it. Nullo is a fascinating portrait of an individual with penis dysmorphia who appears to be much happier and content without the very appendage that provides many men – especially gay men – with their entire *raison d'être*. (Bruce LaBruce)
