

# OF SHARKS AND FISH

by Rolf S. Wolkenstein

## SYNOPSIS

Every day, millions of poker players meet privately - in back rooms, on the Internet or at live tournaments. They are a part of the worldwide poker boom, and cards, chips, a good poker face and nerves of steel are their weapons. Most different protagonists represent to us the whole gamut of characters in the poker world, from the ambitious recreational player to the professional gambler. We will experience thrilling highlights and painful defeats. We will come to understand how poker players think and act, how the game works, and what dimensions lurk within it. It's all about devouring and being devoured. Who is the shark? And who is the fish?
