

# QUEEN ELIZABETH II – THE HEADLINE YEARS

by Claire Walding

## SYNOPSIS

She is a legend. No king, no queen has ruled over Great Britain for longer. But what did and do the people see in her and in what she represents? In conversations with witnesses who experienced the Queen's most significant moments at close quarters, royal experts who have dedicated their lives to the court, critics who, with the greatest of respect, believe that the end of the monarchy or at the very least a radical change is long overdue, British author and director Claire Walding casts an insightful eye over the most significant events in the life of Elizabeth II.
