

SEEKING THE LOST ONES

by Michael Teutsch

SYNOPSIS

My father Rudolf Teutsch was an early member of the NSDAP, later a soldier and in the Waffen SS. After he never wanted to talk to me about this past, 40 years ago his second wife gave me information about his life. In 2021, I re-enacted this conversation with an actress in a reading and confronted it with the statements of six Jews from France, Germany and Israel about their life stories, which they confided in me.
