

# SULTANA'S DREAM

by Isabel Herguera

## SYNOPSIS

Inés a Spanish artist lives in India and stumbles upon Sultana's Dream, a science fiction story written by Rokeya Hossain in 1905. It describes Ladyland, a utopia in which women rule the country while men live in seclusion and are responsible for household chores. Fascinated by the story Inés embarks on a journey across the country to search for the one place where women can live in peace.

'With wit and a certain ironic humour, through original and fascinating visual and sound materials, symbolic colours, images, music and sounds that evoke the depth of the film, they recreate the dreamlike world'
