

SURVIVOR MANIFESTO - THE ART OF MAKING KIN

by Dan Dansen

SYNOPSIS

What if we lived in a society in which people who harmed and people who were harmed could heal simultaneously?

"Survivor Manifesto - The Art of Making Kin" is a video essay on survivorhood: A multitude of trauma survivor voices casts a wild vision of a utopian society. The experimental film pulls the spectator into a journey of self-love and dealing with trauma as a sophisticated skill. A polyphonic chorus of survivors depicts their ideas on dealing with violence, the art of making kin and queer love.

"Survivor Manifesto" is a political essay that will change your perspective on trauma.
