

THE CONGO TRIBUNAL

by Milo Rau

SYNOPSIS

The war in Congo has caused more than six million deaths over the last twenty years. The population is suffering, but the offenders stay with impunity. Many people see this conflict as one of globalisation's crucial economic distribution battles because the country has major deposits of many high-tech raw materials.

Milo Rau, one of Europe's most acclaimed theatre directors, succeeds in gathering victims, perpetrators, observers and analysts of the conflict for a unique civil tribunal in eastern Congo. The documentary film brings these spectacular court trials to life on the big screen and creates an unvarnished portrait of the largest and bloodiest economic wars in human history.
