

# THE FEMALE VOICE OF AFGHANISTAN: LIFE AFTER LIFE

by Andreas Rochholl

## SYNOPSIS

In July 2021, after the last German soldier had left the country, the film team traveled to Kabul to meet female singers. No one could have guessed at the time that this would be the last opportunity to document the lives of these female artists before the Taliban took power. The speed of the dramatic changes surprised even the protagonists, who nevertheless did not let themselves be stopped in their different lives. A year later, in May 2022, all involved have left the country, their beloved homeland, unwillingly and are now stuck 'between worlds'. They are scattered in foreign countries. In a further undertaking the same film team now visits the protagonists once again, to finish their stories.
