

THE KARL MARX PHENOMENON

by Simone Dobmeier, Torsten Striegnitz

SYNOPSIS

Marx survived Marxism. And antimarxism. He is still the most quoted economist in the world. With the help of Marx, can we recognize our complex and complicated world today and in the future, and even change it?

2018: Marx returns to earth once more. He appears in London, Brussels, Berlin and Trier. He is the living projection of our longing for a 'saviour'.

At the end of *FETISH KARL MARX* we realise that capitalism cannot be tamed. The salvation does not lie in Marx – the salvation lies solely in this realization.
