

# THE ONE WHO RUNS AWAY IS THE GHOST

by Qinyuan Lei

## SYNOPSIS

Haohao and Zhouzhou, two sisters aged five and eight, spend most of their days at an electronics market in Shenzhen. A year earlier, as new immigrants to the city, their parents opened a shop on the market's ninth floor. The girls' gaze turns the soulless world of electronics into a universe full of monsters and ghost stories that make life more magical.
