

THE ORE MOUNTAINS

by Christoph Goldmann, Leif Karpe

SYNOPSIS

Wide views. Vast forests. The whole area is like a moving sea of stones. Picturesque villages that look like nativity scenes that have not been dismantled. Idyllic river valleys and extensive mountain meadows. One prospect chases the other. A colorful mosaic of wild originality and newly created cultural landscapes. Human changed the face of the once difficult to penetrate border forest between Saxony and Bohemia. Deep and decisive. But people have learned from their mistakes. And opened up. Today unique habitats are emerging again for endangered flora and fauna. No matter whether above or below ground. Where? In the Ore Mountains.
