by Paulo Ferreira-Lopes, Hartmut Jahn, Jeremias Witteler, Jan Glueck, Aaron Soltani, Nils Schmidt, Simone Pfeiffer-Bohnenkamp, Tajana Neuhaus, Seweryn

SYNOPSIS

The pandemic lockdown as a reaction to a virus that had imposed and still imposes performance bans, especially in the areas of culture, music and fine art, necessitated a humanistic reaction that deals with the individual creative handling of documentary material - multifaceted, multi-perspective, collaborative.

An international group was formed from Mexico-City via Lisbon, Mainz to Macao, whose members produced short facets from May 2020, which will be supplemented with further sequences over time.
