

THE WORLD CRUZER - A NEW COMMON SENSE PACT

by Yorick Niess

SYNOPSIS

The World Cruiser travels through a future of nature pollution and climate chaos. Mankind is organized more democratically fighting for the survival of their own species. We share moments of insights with the World Cruiser on his mission to save the planet. His crew supports him with familiar voices, speaking about the many facets of being human. A modern movie with contemporary electronic music from Berlin clubs. It wants to change our point of view and to call upon mankind to find a global agreement - a new pact on common sense.
