

# WAR OR PEACE

by Elfi Mikesch

## SYNOPSIS

The film tells the story of a planned transformation of the former military base Wünsdorf into an ecological campus.

Wünsdorf is a former military base in Brandenburg (Germany), which the Russian army had left in 1994. The First and Second World Wars were planned and executed from here as well as the Cold War. The architect, urban planner and pioneer of ecological urban development Prof. Dr. Ekhart Hahn stands up for a sustainable transformation. During the making of the film, the war breaks out in Ukraine. Russia's invasion gives the former military site and the film a new meaning.
