

# YOU DESTROY. WE CREATE

by Felix Gaedtke, Gayatri Parameswaran

## SYNOPSIS

August 2022, a 360° view of a Ukraine that has been fighting the Russian invasion for six months. In the midst of warfare, a shared solidarity emerges which also releases resistive-creative forces: museums hide collections, a street artist finds his calling, opera companies and rave communities raise their volume when the bomb alerts threaten to drown them out ... [66DOK Leipzig, Lars Rummel]
