

ZWISCHEN LUST UND LAST - FÜNF FRAUEN UND IHRE FILME

by Julia M. Novak, Natalie Kreisz

SYNOPSIS

From the point of view of a younger generation we asked five filmmakers, Jutta Brückner, Helke Sander, Helga Reidemeister, Ula Stöckl and Regine Kühn about their experiences as women in the filmbusiness. The interviews took place in a slide installation which allowed to step into the 'filmworld' of each woman and have a conversation in front of the stills we've chosen. Parts of the interviews are assembled with excerpts from the films which not only illustrate but also comment on the women's statements.
